

# 550

## Catering

### Street food experience park and Award Dinners

From a tailored catering service for your company convention to live cooking shows with award-winning chefs, **our slogan “anything goes” also holds true for catering at Halle 550.** In addition to our customised catering concepts, we have our own vegetable and herb garden which you can use as desired.

Halle 550 offers organisers of corporate and private events complete flexibility. If you'd prefer not to organise every aspect of your event yourself, we would be happy to provide the services you need. On request, we'd be pleased to take care of the event concept, architecture or scenography. We can also oversee the coordination between different service providers on your behalf.

**Get in touch with us today – we'd be delighted to help!**
