Hospitality

Anything is possible

From a butler service and VIP parking to multilingual catering teams and professional entertainment consultations, **we do more than just lease out the location – we also provide services and host events of all shapes and sizes.** The well-being of our customers, guests and partners is our key priority, which is why we cater for all desires wherever possible.

Halle 550 offers organisers of corporate and private events complete flexibility. If you'd prefer not to organise every aspect of your event yourself, we would be happy to provide the services you need. On request, we'd be pleased to take care of the event concept, architecture or scenography. We can also oversee the coordination between different service providers on your behalf.

Get in touch with us today – we'd be delighted to help!
